

VenusFort is now in your hand!

This app introduces VenusFort, shopping mall in Odaiba Tokyo, in several languages.

With this app, you can find shops and restaurants easily. For example, you can search shops by its names, floors, brands and categories as well as events that are held in VenusFort. Also this app offers you QR code reader to check store information and Currency Calculator linked to a market data.

It's not only in Japanese but also in English, Korean and Chinese. It makes possible for tourists to fully enjoy themselves in VenusFort without a guide.

- Please search “VenusFort” and download from Google Play or App Store.
- You can also read the QR code and access the download page.
